BUSINESS SIZE: Small Veteran Owned

CUSTOMER INFORMATION:

1a. TABLE OF AWARDED SPECIAL ITEM NUMBERS (SINs)

SIN	DESCRIPTION
426-1A	Miscellaneous Personal Equipment
426-4G	Firearms Storage, Securing and Cleaning Equipment; Unloading Stations; Bullet Recovery Systems and Gun Racks

1b. LOWEST PRICED MODEL NUMBER AND PRICE FOR EACH SIN:

SIN	MODEL	PRICE
426-1A	080-000-313 Mil-spec Follower	\$0.98
426-4G	084-468-002 1 3/8 #2 Square Cotton Flannel Patches pkg. of 100 (.22)	\$1.42

1c. HOURLY RATES: N/A

2. MAXIMUM ORDER: 426-1A and 426-4G: \$200,000 per SIN, per order

*If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. MINIMUM ORDER: None

4. GEOGRAPHIC COVERAGE: Domestic, 50 states, Washington DC., Puerto Rico, US Territories and to a CONUS port or consolidation point for orders received from overseas activities.

5. PRODUCTION POINT: Poweshiek County

6. DISCOUNT FROM LIST PRICES: 2%-51.80% off the Verbatim Extract from Brownell's Catalog #60 2007-2008 effective August 1, 2007 (no addendum). (See approved pricelist for discounts by model.) For calculation of the GSA Schedule price (price paid by customers ordering from the GSA Schedule, and the price to be loaded into GSA Advantage), the contractor should deduct the appropriate basic discount from the list price and add the prevailing IFF rate to the negotiated discounted price (Net GSA price). Current IFF rate is 0.75%.

7. QUANTITY DISCOUNTS: 28.42% - 59.54% off the Verbatim Extract from Brownell's Catalog #60 2007-2008 effective August 1, 2007 (no addendum). (See approved pricelist for discounts by model.)

8. PROMPT PAYMENT TERMS: Net 30

9a. Government Purchase Cards must be accepted at or below the micro-purchase threshold.

9b. Government Purchase Cards are accepted above the micro-purchase threshold.

10. FOREIGN ITEMS: No

11a. TIME OF DELIVERY: 426-1A 30-60 DARO; 426-4G 30-120 DARO

11b. EXPEDITED DELIVERY: 5 DARO if in stock

- 11c. OVERNIGHT AND 2-DAY DELIVERY:** Overnight and 2-day delivery are available. Contact the Contractor for rates.
- 11d. URGENT REQUIREMENTS:** Customers are encouraged to contact the contractor for the purpose of requesting accelerated delivery.
- 12. FOB POINT:** Origin
- 13a. ORDERING ADDRESS:** same as contractor's address
- 13b. ORDERING PROCEDURES:** For Supplies and Services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).
- 14. PAYMENT ADDRESS:** Same as contractor's address
- 15. WARRANTY PROVISIONS:** SCW. Customer should contact the contractor for a copy of the warranty.
- 16. EXPORT PACKING CHARGES:** N/A
- 17. TERMS AND CONDITIONS OF GOVERNMENT PURCHASE CARD ACCEPTANCE:** N/A
- 18. TERMS AND CONDITIONS OF RENTAL, MAINTENANCE, AND REPAIR:** N/A
- 19. TERMS AND CONDITIONS OF INSTALLATION:** N/A

426 1A	078-000-107	30 ROUND AR15 M16 MAGAZINE, CS SPRING	All AR-15/M16 magazine components are made of mil-spec materials and are manufactured under strict, ISO quality control standards. The heat-treated, welded aluminum body is hard-anodized for superior corrosion resistance, then given a tough, dry-lube coating to eliminate the need for additional lubricants that would attract dust, sand, or dirt. The latest military-type, glass-fiber reinforced composite follower further guarantees flawless feeding in the harshest tactical conditions. Features a dry-lube-coated chrome silicon spring that s corrosion-resistant certified to 500 hour salt spray standards, and less prone to spring set. Since we manufacture these mags ourselves, we can maintain a large inventory. So, if you need magazines in a hurry, even in quantity, we can get them to you ASAP.	\$12.23	25/\$11.08 100/\$9.57 1000/\$8.56
426 1A	078-000-113	30 ROUND AR15 M16 MAGAZINE, SS SPRING	All AR-15/M16 magazine components are made of mil-spec materials and are manufactured under strict, ISO quality control standards. The heat-treated, welded aluminum body is hard-anodized for superior corrosion resistance, then given a tough, dry-lube coating to eliminate the need for additional lubricants that would attract dust, sand, or dirt. The latest military-type, glass-fiber reinforced composite follower further guarantees flawless feeding in the harshest tactical conditions. Features a mil-spec stainless steel spring. Tough construction holds up to years of competitive and law enforcement shooting and won't wear out after thousands of rounds, break under spring pressure, or degrade when cleaning solvents are used. Bright orange color lets you see immediately if the magazine is empty. Vented design reduces weight to allow for smooth feeding.	\$15.71	
426 1A	080-000-252	AR15 FRONT SIGHT BENCH BLOCK	Two Working Sides For Installation & Removal. Big, tough, polyethylene block gives fitted support for installing/removing the front sight assembly on mil-spec, AR-15 rifles and carbines. Precision-machined and clearly marked on both sides for driving the mounting pins IN or OUT of the sight. Accommodates the sling swivel, plus, includes provisions for removing the gas tube roll pin.	\$28.08	
426 1A	080-000-281	30 RD MAGAZINE REBUILD KIT, CS SPRING	Bring AR15 M16 Mil-spec 30-round Magazines Back To Top Performance. Replacement spring, follower, and floorplate install easily to eliminate problems caused by worn-out parts. Chrome silicon spring maintains proper tension and gives consistent feeding. Followers are made of fiberglass-filled plastic. Anodized aluminum floorplate.	\$5.46	
426 1A	080-000-282	30 RD MAG REBUILD KIT, CS SPRING, 3 PAK	Bring AR15 M16 Mil-spec 30-round Magazines Back To Top Performance. Replacement spring, follower, and floorplate install easily to eliminate problems caused by worn-out parts. Chrome silicon spring maintains proper tension and gives consistent feeding. Followers are made of fiberglass-filled plastic. Anodized aluminum floorplate.	\$15.68	
426 1A	080-000-283	30 RD MAG REBUILD KIT, CS SPRING, 6 PAK	Bring Mil-spec AR15 M16 30-round Magazines Back To Top Performance. Replacement spring, follower, and floorplate install easily to eliminate problems caused by worn-out parts. Chrome silicon spring maintains proper tension and gives consistent feeding. Followers are made of fiberglass-filled plastic. Anodized aluminum floorplate.	\$29.45	
426 1A	080-000-291	AR15 M16 M4 BUTTSTOCK TOOL	One Tool For Disassembling & Reassembling Buttstocks. Unique design combines several tools into one for taking apart the M4 collapsible buttstock on your AR-15 or M16. Features include blade for removing fixed stock screws; 1/2" square torque wrench opening; fixed stock receiver extension remover; receiver extension nut tightener for both old and new model collapsible stock - pins for both styles are included and easily changed by loosening a hex screw in the tool; and a hole for hanging the tool on your peg-board. Fits easily in a range bag or in your pocket for use outside the shop.	\$47.14	
426 1A	080-000-311	AR15 M16 HI CAP CS MAGAZINE SPRING	Chrome silicon magazine spring maintains proper tension and gives consistent feeding in your mil-spec 30-round magazine	\$3.73	
426 1A	080-000-312	AR15 M16 HI CAP MAGAZINE FLOORPLATE	30 round AR15 M16 anodized aluminum replacement floorplate.	\$1.18	
426 1A	080-000-313	AR15 M16 HI CAP MAGAZINE FOLLOWER	Fiberglass-filled plastic, green replacement follower fits 30 round mil-spec magazines	\$0.99	
426 1A	080-000-314	AR15 M16 MAGAZINE FEED LIPTOOL	Reforms Feed Lips For Improved Magazine Performance. Feeding problems and jams in your AR-15 cab often be attributed to bent or malformed magazine feed lips. This easy-to-use tool is designed specifically to bend the feed lips back into place, so they guide the cartridge body like they're supposed to. Trying to straighten the lips with pliers can create rough, unsightly gouges, or worse yet, cracks in the metal that can't be repaired. The machined, steel shank with bevel cut and slot allows you to hook the lips and keep them supported, while you tweak their angle of contact on the cartridge case. Helps you recondition those old magazines, and saves the cost of buying new ones. SPECS: Handle - Impact-resistant polymer, black. Shank - Steel, blued finish	\$8.83	
426 1A	080-000-317	AR15 M16 HI CAP MAGAZINE FOLLOWER, 10-PAK	Fiberglass-filled plastic, green replacement follower fits 30 round mil-spec magazines	\$8.07	
426 1A	080-000-351	30-ROUND M-16 MAG. REBUILD KIT, SS SPRING	Bring Mil-spec AR15 M16 30-round Magazines Back To Top Performance. Stainless Steel replacement spring, follower, and floorplate install easily to eliminate problems caused by worn-out parts. Followers are made of fiberglass-filled plastic. Anodized aluminum floorplate.	\$5.46	

SIN	Part Number	Item Name	Description	GSA Net	Quantity Pricing quantity/price
426 1A	080-045-045	CAN'T MAR BUSHING WRENCH	*Can't Damage Finishes *Virtually Unbreakable *Pocket-Sized *Versatile, Double-Ended Design Every 1911 owner and armorer needs a wrench to remove the barrel bushing from the 1911 Autos. Ours fits all the calibers and variations; Colt-made (including factory Officers ACP), plus copies. Made from super tough ABS "T" grade polymers, Brownells Can't Mar wrench has more thickness and heft than other synthetic wrenches. It gets out even the most tightly fitted, match-grade bushing WITHOUT scarring or marring the finish of the gun's bushing or slide. Virtually unbreakable, the Can't Mar wrench carries easily in pocket or field kit.	\$2.44	
426 1A	080-045-200	1911 AUTO ANODIZED BUSHING WRENCH	Non-Marring Aluminum Wrench Gets The Tightest Bushings Loose. The perfect tool for every 1911 owner's range bag or cleaning kit. Precision machined for a close fit to Government Model and Officers ACP bushings. The extra thick, contoured handle fits comfortably in your hand; has plenty of heft for a good, solid grip. Turns the tightest bushings without slipping.	\$15.30	
426 1A	080-216-000	COLT AR15 M16 STANDARD ARMORERS KIT	Complete Tool Kit To Service & Repair Military & Civilian AR-15/M16 Rifles. The RIGHT way to repair and service the AR-15 M16 M4! These kits contain the tools the gunsmith or armorer needs to perform full maintenance and repairs of these rifles in the field or shop. Each tool is designed to do its job in the simplest, most effective manner to maintain and repair these guns correctly and save time doing it. Standard Kit contains the tools needed to work on the AR-15 and the M16A1 through A4.	\$839.46	
426 1A	080-216-002	AR15 M16 M4 PREMIUM ARMORER'S KIT	Complete Tool Kits To Service & Repair Military & Civilian AR-15/M16 Rifles & M4 Carbines. Kit contains the tools needed to work on the AR-15 and the M16A1 through A4, plus an additional 11 items necessary to repair and maintain the M4 carbine as well. The armorers kit comes in a custom-fitted, hard-side tool box that's made from nearly indestructible molded polymer resin and meets mil-spec MIL-C-4150 and ATA specifications.	\$1153.71	9/\$1078.11
426 1A	080-216-003	AR15 M16 M4 STD ARMORER'S KIT UPGRADE	Turn your Brownells Standard Armorer's Kit into the Premium Armorer's with the tools in this upgrade set.	\$270.07	
426 1A	080-216-015	AR15 M16 COMBO WRENCH	Original Factory Design Simplifies Disassembly/Reassembly. An exact duplicate of the original factory/military design so you know it will fit and work. Use for several jobs: to remove the barrel nut; to remove and install old and new flash suppressors; to remove and install the lower receiver extension. SPECS: Blued steel	\$24.58	
426 1A	080-598-236	1911 AUTO GRIP BUSHING TAP	1911 Auto high speed steel bushing tap	\$26.27	
426 1A	080-625-002	BROWNELLS 1911 HAMMER SLOT FILE STONE	Precision-cast, ceramic stone is an exact fit for smoothing the inside surface between the frame tangs on a 1911 Auto. A smooth surface gives improved hammer function and a lighter trigger pull. Also fits the hammer slots on all Ruger "P" Series Pistols, all Ruger Revolvers plus all S&W K, L, & N frame revolvers.	\$8.88	
426 1A	080-660-031	#31 (6-48) SOLID CARBIDE DRILL	Specially ground, single-flute, solid carbide drills ideally suited for use by the professional gun trade on hard receivers (as the 03A3 and harder). Cuts a clean chip in hardest file steel, giving true hole. Does not "crumble out" the steel; thus, no chatter. 2" long to give quill clearance when using with Forster and other scope/sight mounting jigs. Kept properly cleaned, will not bind or break. Properly fed, won't work-harden hole surface like spade drill does; decreases tap breakage. Drills "all the way through" hardened steels.	\$16.88	
426 4G	080-665-453	GM-453 1911 PRO SPRING KIT	Replaces All The Springs For Precise Tuning Of The 1911 Government Model & Its Variations; "Guaranteed Superior." Specially selected replacement springs to greatly improve functioning AND reduce trigger pull form the basis of a top-quality 1911 tuning job. 5 Wolff coil springs plus a factory-style, 3-leaf sear spring. Includes: Variable Power Recoil Spring which functions with a wider range of ammo than single power springs; Hammer Spring which lightens trigger pull; Extra Power Firing Pin Spring; New Magazine Catch; Series 80 Firing Pin Safety Block Spring; Plunger Tube Springs, plus the Sear Spring. Three kits - each with a different strength recoil spring. GM-453 - 18 lb. Recoil Spring for maximum power loads.	\$15.49	
426 4G	080-665-945	M14 M1A PRO SPRING KIT	Fits all models of the M14 and M1A rifles. Kit contains (1) extra-power recoil spring, (1) extra-power hammer spring, (1) ejector spring and (1) extractor spring.	\$17.71	

SIN	Part Number	Item Name	Description	GSA Net	Quantity Pricing quantity/price
426 4G	080-721-230	1911 TRIGGER TRACK CERAMIC STONE SET	Precision ground to fit inside the trigger bow frame ways; polishes out the manufacturing burrs and rough edges that interfere with trigger movement. Made of premium ceramic for fast cutting action that quickly imparts a very smooth surface. Easy cleanup with soap and water. Truly essential to achieving a light, crisp, trigger.	\$11.50	
426 4G	080-721-621	2 STONE GROUND CERAMIC STONE SET	Custom made to our specs from premium ceramic. The cutting action is very fast and the resulting surface very smooth. Perfect for all trigger work from burr removal to final finish. Use dry or with water as a lube (no messy oil); soap and water cleanup. Less fragile than Arkansas stones. Ground sides for sharp, 90° edges and an extremely fine cutting action for polishing and smoothing triggers and sears, like the 1911 Auto, that require an exact 90° interface for best performance. White stones produce a finer cut than Black. Set contains one of each stone.	\$35.03	
426 4G	080-771-000	1911 AUTO PLUNGERTUBE REAMER SET	Extra long reamers return the plunger tube to correct I.D. after staking - and provide plenty of spring clearance for positive operation. SPECS: Approximately 7" (17.7cm) long. Tool steel reamers. Includes (1) .096" (2.4mm) and (1) .116" (2.9mm) diameter reamer.	\$14.78	
426 1A	080-792-002	AR15/M16 BOLT EJECTOR TOOL	Faster Removal Of Plunger-Style Ejectors. Tough, steel clamp captures the bolt head, and the large-handled turnscrew depresses the ejector so the ejector pin can be safely removed or installed. SPECS: Steel, blued. Plastic handle. Includes instructions.	\$14.67	
426 4G	080-806-500	1911 AUTO PLUNGERTUBE CRIMPER SET	Foolproof, Military Design For Tightest Tubes. Easy-to-use adaptation of a proven armorer's tool lets you secure the plunger tube to the frame without fear of tube crush or expensive frame damage. Adjustable to fit all makes of frames and tubes for both installing and re-tightening. Beveled jaws allow easy frame access; hardened crimping point assures long tool life. Plunger Tube Support slips inside plunger tube and prevents compression damage while tube is being staked to frame. SPECS: Steel, 7" (17cm) long. Crimper Kit includes crimper and plunger tube support. Includes external reinforcing block.	\$56.11	
426 4G	080-818-000	M1 M14 BOLT DISASSEMBLY TOOL	Cradles & Secures Entire Bolt. Improved variation of the original G.I. tool turns a three-handed job into a quick, easy-to-perform operation. Two-position handle provides extra leverage to cam the bolt forward and retain the entire bolt while depressing the ejector. Extractor lifts out and drops in easily while other parts stay put. SPECS: Aluminum body, steel handled. 4" (12cm) long, 1" (2.5cm) wide. Fits both M1 Garand and M14 bolts.	\$44.01	
426 4G	080-870-010	BROWNELLS 870 SERVICE KIT W/TOOL BOX	Factory-Type Tools For Armorer's - The Right Tools For 870 Work. With the help of the fine folks at Remington, the Armorer can now have a Kit with tools we have adapted from factory designs for repairing and maintaining what has probably become the world's most popular pump shotgun . . . the Remington 870. This 21-piece Kit of tools makes it easier for the Armorer to repair the 870 at the bench or in the field. The tool designs are based on the factory's years of experience and are intended to stand up to constant use.	\$266.35	
426 4G	080-870-110	BROWNELLS REMINGTON 870 1100 PIN PUSHER	Fitted punch removes trigger group pins with no chance of slipping off and gouging the frame.	\$13.03	12/\$11.94
426 4G	080-870-202	REMINGTON 870 FOREND WRENCH 12 GA	Piloted To Prevent Stock Or Nut Damage Wrench adapted from Remington factory design, with pilot that keeps teeth square to the forend nut, virtually eliminating damage to wrench, forend or forend nut. But, if one of the wrench teeth should ever break, turn the sleeve around, there's another set. Fits Remington 870 12 gauge shotguns.	\$33.24	
426 4G	080-920-000	BERETTA 92 SERIES TOOL KIT WITH TOOL BOX	Every Tool That's Required For Making Complete Repairs In Both The Shop And Field The Right Tools For Entire 92 Series - Military & Civilian Superb collection of professional quality tools that makes rebuilding and repair of the 92 Series easier and more cost efficient. Designed for the police armorer and professional gunsmith, these high-quality tools will perform the tasks required, time and again, without failure. Because of the rugged dependability and simplicity of the Beretta 92 design only a very few, specifically-designed tools are needed to keep these great pistols shooting. Each and every tool included in this kit has been thoroughly tested, and many perform specific tasks recommended in the factory repair manual and are not available anywhere else.	\$181.85

426 4G	080-953-000	AR-15 HAMMER DROP BLOCK	Saves The Frame & Your Thumb When Tuning AR-15 Triggers. Drop-in, Delrin block helps you gain a true feeling of trigger movement and pull weight without sacrificing your thumb. Go ahead, drop the hammer; this shock-absorbing block prevents the hammer from striking the wall of the magazine well. Helps eliminate expensive receiver damage and broken hammers. Fits into the magazine well with the upper receiver open or removed, withstands thousands of hammer strikes.	\$18.84	
426 1A	081-028-000	ACRA-RELEASE AEROSOL	Acra-Release Aerosol is specially formulated to apply easily, yet gives sure, positive release for all "Acra" products in all types of bedding under varying conditions. (You still have to cover all surfaces with it!!) Ideal for irregular shapes. Cuts cleanup time. Recoats missed areas easily. Will not affect fit/tolerances. Clear, but stays "oily" so you can both see and feel the coverage. Wipes off metal and cured epoxy with 1,1,1 Trichloroethane. Works great with all our epoxies: Acraglas, Acraglas Gel, Steel Bed, Acra-Weld, ACRA-QUICK, and most others! SPECS: 16 fl. oz. (473ml) Aerosol.	\$13.49	
426 1A	082-010-128	D'SOLVE GUN CLEANER 1 GALLON	Bench-Top Soaking Cleaner Concentrate Is Fast And Economical Fast, efficient, soak-cleaner for guns and parts that is non-hazardous, non-flammable, biodegradable, odor-free and NOT expensive! The grimeiest parts left soaking in a bench tray of d'Solve, while you're doing other work on the gun, come out clean, ready to dry, oil, and assemble. Used as a brush-on cleaner, actions and chambers are rapidly rid of crusted dirt and grime. Wiped on, d'Solve is an excellent pre-cleaner for touch-up bluing; tool and equipment cleaning. With a small brush, it is unsurpassed for cleaning the caked-on dirt on gunstocks, tough dirt on field gear. One gallon of d'Solve makes five gallons of bench cleaner. It can be mixed stronger for tougher jobs -lighter for less demanding cleaning operations.	\$26.58	
426 1A	082-010-640	D'SOLVE GUN CLEANER 5 GALLON	Bench-Top Soaking Cleaner Concentrate Is Fast And Economical Fast, efficient, soak-cleaner for guns and parts that is non-hazardous, non-flammable, biodegradable, odor-free and NOT expensive! The grimeiest parts left soaking in a bench tray of d'Solve, while you're doing other work on the gun, come out clean, ready to dry, oil, and assemble. Used as a brush-on cleaner, actions and chambers are rapidly rid of crusted dirt and grime. Wiped on, d'Solve is an excellent pre-cleaner for touch-up bluing; tool and equipment cleaning. 426 4G	082-440-002	BROWNELLS 44/40 INSTANT GUN BLUE 2 OZ	44/40's familiar bluing action is almost magic; simply dampen a patch with 44/40, wipe it on and wipe it off immediately with a dry one. The coloring action happens instantly and the color penetrates deep into the metal for a long-lasting finish. There's no need to soak or rub for long periods. Surface preparation's easy, too; for scratches, just clean and degrease as you normally would and apply 44/40. As a blue for external/internal parts and pieces, the procedure is just as easy. Bring the surface to the finish you want, clean it and wipe-on, wipe-off. 44/40 will do the job beautifully. 2 ounce bottle	\$5.62	12/\$3.53
426 4G	082-441-004	44/40 INSTANT GUN BLUE CREME 4 OZ	44/40 Creme Instant & Aggressive; Creme Stays Where You Want It. Our legendary, deep-penetrating, fast-action cold blue now comes in a stay-put creme that gives you remarkable control for touch-up application. The simple, wipe-on, wipe-off method works great on a wide variety of steels and provides the solid-black coloring you need to match gun bluing. Surface preparation is simple and quick. A life saver around the house and the garage as well; try it on any steel you want to give a blue/black finish.	\$6.03	
426 4G	083-000-008	EZ SOAK 16 OZ.	Cleans Shotgun Gas Pistons, Choke Tubes & More Speeds up the time-consuming, labor-intensive job of cleaning automatic gas piston parts and choke tubes. All you do is soak, rinse, and wipe clean; it only takes 15 minutes or less! Plus, EZ-SOAK makes short work of carbon, copper, powder, and plastic wad fouling. Use it on barrels, bores, chambers, cylinder faces, bolt faces, and other hard-to-clean areas. For parts that are too big to fit in the jar to soak, just apply EZ-SOAK to the part with a nylon brush or rag. This is a non-caustic, non-petroleum product and requires thorough application of a rust-preventing oil after use.	\$11.75

426 4G	083-000-022	FRICITION DEFENSE 2 OZ	The Latest Technology For The Most Effective Gun Cleaning & Maintenance This superb, synthetic oil works on all firearms: full-auto, semi-auto, single-shot, pistols, rifles, and shotguns. It contains not one, but two of the finest lubricants available - Teflon and Moly (molybdenum disulfide) - and lubricates effectively from -75 F to +425 F. Unique heat transfer properties actually pull heat away from friction points, and extreme pressure additives keep Friction Defense on the parts, even in the hardest cycling semi-auto pistols and rifles, including full-auto military weapons. We call it slicky. You can feel the slick lubrication, plus the sticky quality that helps Friction Defense Gun Oil stay on metal parts between cleanings. As the gun cycles, some of the moly actually gets worked into the pores of the metal for long-lasting lubrication. Water displacing additives help prevent rust from moisture and fingerprints. 2 ounce flip open, dropper-top bottle.	\$2.49	
426 4G	083-002-012	ALUMA-HYDE II AEROSOL, MATTE BLACK	The special feature of Aluma-Hyde II (and the reason for its development) is its increased resistance to bore cleaners, solvents and other cleaning chemicals, even trichloroethylene. Today's new family of fast, aggressive bore cleaners really do a terrific job getting dirty gun bores sparkling clean, but they can wreak particular havoc with any other finish they contact. After full cure, Aluma-Hyde II proved solvent-proof to all but the most aggressive, copper-removing bore solvents. Aluma-Hyde II is formulated with a hard-curing epoxy base that contains additional, high-density pigment for a durable finish that sticks to all properly prepared aluminum and alloy surfaces, steel and plastics - it's great on synthetic stocks.	\$8.39

426 4G	083-048-801	TEFLON MOLY GUN FINISH, MATTE BLACK	Now you can apply a great-looking coating with the increased durability and friction-fighting properties of Teflon fluoropolymer resin and molybdenum disulfide to any firearm or metal part in as little as 2 hours. Brownells Teflon/Moly Gun Finish is an ultra-modern, thermo-set, spray-on, self-lubricating coating, chemically bonded to a phenolic-epoxy base so it's highly resistant to scratches and abrasion. Because the finish is baked on, you get some extra benefits. As the metal heats, its pores open allowing the Teflon component to penetrate. On high-wear areas, like slide rails, the coating will eventually wear away but the Teflon will still be in the pores, lubricating and protecting. Plus, dense colors won't lighten, dissolve or breakdown under all common gun solvents. One application makes any properly prepared metal almost impervious to oxidation.	\$18.47

426 4G	083-050-002	ACTION LUBE PLUS 2 OZ	.Not a petroleum-based grease, but a synthetic-based, semi-solid lubricant developed and used to protect expensive, hi-tech firearms and equipment in all temperatures and all environments; from the deserts of Kuwait to the Bering Strait. Actually exceeds the mil spec of standard, molybdenum disulfide grease. Action Lube Plus lubricates and inhibits corrosion and galling from salt water, powder residue, sweat and moisture on all types of metal, including stainless steel, titanium and aluminum. Action Lube Plus is very concentrated; only a small amount applied to the face of sears and triggers will dramatically decrease pull weight as well as smooth actual trigger feel. On high friction points like bolt raceways and lever mechanisms, just a dab of Action Lube Plus completely eliminates wear and helps assure reliable functioning. A very light coating on the outside of your guns will keep fingerprints neutralized and protect expensive bluing from	\$8.60	
426 4G	083-050-010	BROWNELLS ACTION LUBE PLUS SYRINGE	Superior Lubricating Performance, Convenience Of A Tube Synthetic-based blend of the finest lubricants and molybdenum disulfide provides superior performance in all temperatures and conditions. Easy-to-use syringe gives pin point application in hard-to-reach areas; prevents over-application, too.	\$8.46

426 4G	083-051-001	GUN KOTE, MATTE BLACK	Brownells GUN-KOTE provides a durable finish that will not break down, peel or dissolve. In fact, once it is applied, the only way to remove Brownells GUN-KOTE is to abrasive blast the part. It is resistant to all known gun solvents and thinners. Each coat is approximately .0004" thick so Brownells GUN-KOTE can be used on both internal and external parts where a close-tolerance fit is required without having to worry about interference. This makes Brownells GUN-KOTE the perfect, maintenance-free coating for handgun slides and frames, shotgun receivers and magazine tubes, rifle actions and bolts, anywhere you need an ultra-thin, self-lubricating, permanent coating that protects and wears like crazy.	\$18.74	
426 1A	083-052-001	ACTION MAGIC II	Increased Lubricity For All Moving Metal Parts; Exclusive, Two-Step Dry Formula Will Not Attract Water, Dust, Sand Or Contaminants Action Magic II is a two-step, permanent, firearms lubrication treatment with a natural affinity for metal that actually bonds to any metal surface at the molecular level. Easy-to-apply treatment greatly enhances surface lubricity for extreme, long-lasting resistance to corrosion and accelerated wear caused by friction and heat. After firing literally thousands of rounds, tests on semi-auto pistols have shown no measurable wear, and cleanup was as simple as dusting off powder residue with a soft nylon brush! Action Magic II will not attract moisture in wet environments and cannot freeze in cold weather. The dry, silver-gray, lubricated surface resists powder residue, carbon, lead, dirt and fouling so your firearm stays cleaner, longer.	\$16.15	
426 1A	083-065-002	2 OZ J-B BORE CLEANING COMPOUND	Cuts Through Toughest Bullet Jacket & Powder Fouling Can't-Run Paste Formulation Cushioned Abrasive Action Leaves Bores Sparkling Easily Lifts Caked On, Baked In Moly Residue A unique combination of ingredients and a one-of-kind, multi-step mixing process give J-B its special characteristics. They work together to cushion the abrasive action; the soft paste liquifies as you use it, then wipes out of the bore easily. The non-embedding feature means there's no abrasive residue left behind which might keep "cutting" after you've finished cleaning.	\$6.21	12/\$4.38
426 1A	083-065-100	BROWNELLS J-B BORE BRIGHT 2 OZ.	A micro-fine bore cleaning and finishing compound that works as both a cleaner and a final polish to help keep barrels free of fouling and shooting their absolute best. Regular use gives your barrel a mirror-like finish that helps prevent the build-up of accuracy robbing copper fouling, plus greatly reduces cleaning effort. Clean your barrel as you normally would, then after cleaning with J-B Compound, follow with J-B Bore Bright to achieve a super clean, final polish. At the range, regular use of J-B Bore Bright between strings of fire minimizes the accumulation of jacket fouling to help maintain consistent accuracy. As a bore cleaner, the soft, oil-paste formula liquefies as you use it to quickly remove fouling, copper, lead, and powder residue in rifles and handguns, plus plastic deposits in shotgun bores. Because J-B Bore Bright is absolutely non-embedding it wipes easily from the barrel with a dry patch. You never need to worry about Bore Bright harming your barrel.	\$6.50	12/\$5.03
426 1A	084-000-008	DOUBLE-UP CLEANING SYSTEM BRONZE	Brushes & Mops Your Shotgun Clean In Just One Step An interchangeable, dual-action, cleaning system made of a solvent-distributing, ultra-absorbent, cotton, bore mop and a crud-scrubbing, bore brush. Brush and mop screw together so you can put them both through the bore in one step. Both have durable, aluminum, male and female couplers that make them attachable to each other; "double them up" in the order you prefer. Add another mop or brush for even more cleaning combinations. Made in the U.S.A. SPECS: Fits 12 ga. Shotgun. System includes one Brush and one Mop. Bronze brush - Bristles, Phosphor bronze, wound-steel shank, aluminum coupling, 5/16" - 27 thread. Mop - Wound cotton, twisted steel shank, aluminum coupling, 5/16" - 27 Thread.	\$5.38

426 4G	084-823-115	UPPER RECEIVER CLEANING KIT DELUXE WOOL	Make short work of cleaning heavily fouled AR-15 upper receivers, right down to the locking lug recess. Specially sized and shaped bronze receiver brush and wool mop quickly loosen stubborn carbon residue from the bolt carrier way and locking lug recess. Deluxe Kit features a longer rod and a chamber brush that lets you thoroughly clean the bolt carrier way, plus the chamber and locking lug recess. SPECS: Deluxe Kit includes bronze receiver brush, wool mop, AR-15 chamber brush, thread adapter and brass cleaning rod with plastic handle. Overall length - 14 " (36.2cm) long, threaded 8-32 tpi.	\$17.70	
426 4G	087-000-020	1911 RECOIL SPRING PLUG, BLUE, COMMANDER	Made to original specifications for rebuilding existing guns or assembling new guns built to factory Commander configurations. Checkered recoil spring plug gives a traditional look - just like the Colt factory part. Commander: Plug - Steel blue matte finish, 1-5/64" (2.7cm) long	\$6.25	
426 4G	087-000-031	1911 RECOIL SPRING GUIDE BLUE, COMMANDER	Made to original specifications for rebuilding existing guns or assembling new guns built to factory Commander configurations. Heat-treated, recoil spring guide resists wear and battering. 1/2" O.D. Guide - Steel, matte blue finish. 1-3/16" (3cm) long.	\$11.79	
426 4G	087-205-824	1911 AUTO FIRING PIN SERIES 70/80 .45ACP	High-quality firing pin that is specifically sized to reduce the chances of primer flow. Proper weight for positive ignition with heavy-duty springs. Correct tip diameters in 9mm/.38 Super provide a close, firing pin hole fit for slides built to Colt or Springfield Armory dimensions.	\$4.68	
426 4G	087-810-000	1911 AUTO .45ACP SLIDE STOP BLUE	Made from extra-hard, tool steel that works great, without deforming. Gives positive, last-round engagement and tight, long-lasting lockup with custom barrels. SPECS: Steel, blued. Pin diameter .200" (5.08mm) +/- .0005" Fits 1911 Auto, .45 ACP only.	\$22.75	
426 4G	087-821-000	1911 AUTO .PLUNGERTUBE BLUE	High-quality, steel, plunger tube that fits just like the factory part, but the studs are slightly over-length for a positive crimp. SPECS: Steel, blued	\$11.75	
426 4G	087-823-000	1911 AUTO HAMMER STRUT	Correct radius for proper clearance between the sear spring and grip safety. Helps ensure consistent hammer fall for maximum reliability. Heat-treated tool steel for long lasting durability. SPECS: Cast, 8620, tool steel, blue finish. 2.2 " (5.6cm)long.	\$5.46	
426 4G	087-867-000	SERIES 70 BEAVERTAIL GRIP SAFETY BLUE	Now your hand can "feel" when your grip is correct. Ed's exclusive, deep-hold grip safety drops the gun farther into the hand plus, the three memory grooves on the lower portion guides the web of the hand into the correct grip position. Raised surface area helps depress the safety and ensure positive disengagement, even for a shooter that uses a high-thumb hold. SPECS: Matte finish. .878" (22.3mm) from rear of hole to tip. Cleared for Commander hammer. Available in blue to fit series 70 radius, requires alteration of frame.	\$27.47	
426 4G	087-881-001	SERIES 1911 AUTO RECOIL SPRING PLUG-GOVT	Made to original specifications for rebuilding existing guns or assembling new guns built to factory Government configurations. 426 4G	699-000-005	4 OZ HOPPE'S #9	Nitro-Solvent, the most universally used solvent for removing primer, powder, lead and metal fouling - for preventing rust. Quick, super-efficient, safe and easy to use. Flows freely and penetrates rapidly. SPECS: 4 fl oz. (118 ml)	\$4.68	
426 4G	699-904-004	BENCH REST 9 COPPER SOLVENT 4 OZ	Chemically Cleans Heavy Copper Fouling Quickly And Safely; Won't Damage The Bore Or The Bluing Specially developed to meet the needs of benchrest competition. Contains no abrasives. Dissolves heavy copper deposits, carbon buildup, lead and plastic fouling safely, by chemical action. Powerful, safe, fast, cleans even heavy copper fouling overnight. Use with nylon or stainless brushes only. SPECS: 4 oz. (118mL)	\$7.03	
426 1A	702-000-001	AR15/M16 ACTION BLOCK/ VISE BLOCK COMBO	AR15/M16 Action Block/Vise Block Combo- 2 parts Heavy-duty blocks allow you to firmly clamp AR-15/M16 receiver halves in a vise without risk of crushing, twisting, or otherwise distorting them when applying vise pressure or torquing the barrel nut. Keeps your rifle secure for safe, effective cleaning, assembly, and repair. Unbreakable urethane vise block takes all the clamping force, so your expensive lower receiver won't be damaged or distorted. Insert block into the magazine housing from the top or bottom, then clamp the other end in your bench vise. The magazine catch locks to the block, safely and securely holding the rifle for assembly, disassembly, cleaning, or repair. Will not mar or scratch the finish. SPECS: High-density urethane plastic, black. 5" (12cm) high, 2" (5.7cm) wide, " (19cm) thick.	\$54.71
