10-425-9234

26. Notification regarding registration in Central Contractor Registration (CCR) database.

Cage Code # 3A9B7, effective through January 16, 2008

WARRANTY

Hackney warrants, to the original owner, that the body and applicable chassis will, with reasonable care and maintenance and subject to normal intended use and service as an emergency vehicle, provide dependable performance during the specified warranty period. Should any defect covered by this limited warranty develop during the warranty period, Hackney will repair or replace, at its discretion, the component at an authorized service center, or at its factory, subject to the limitations listed below:

LIMITED TEN YEAR BODY WARRANTY

The aluminum body assembly and doors (excluding cables, springs, rollers, and adjustments) shall be warranted for a period of ten (10) years from date of delivery to the original purchaser. The warranty shall cover the structural integrity of the body, which shall be limited to structural cracks or failures that may cause a loss of integrity of the body. The warranty does not cover superficial cracks or corrosion of any component of the body that is not considered, in the opinion of Hackney, to cause loss of structural integrity.

LIMITED FRAME WARRANTY

When applicable, the frame rail alteration performed by Hackney shall match the frame warranty provided by the original chassis manufacturer and shall be limited to structural cracks or failures that may cause a loss of integrity of the frame rail assemblies. The warranty does not cover superficial cracks or corrosion of any component of the modified frame rail and components that is not considered, in the opinion of Hackney, to cause loss of structural integrity, nor does it cover damage due to overloading or severe off-the-road applications (unless designed for this application during the manufacturing process). Suspension components are covered by OEM chassis manufacturer.

LIMITED SEVEN YEAR PAINT WARRANTY

The external surfaces of the body, roll-up doors and, as applicable, the cab shall be covered by a limited paint warranty for a maximum of seven years from date of purchase. The scope of the warranty is limited to: (a) peeling / inter-coat adhesion; (b) cracking; (c) crazing; (d) extensive loss of gloss; (e) chemical resistance (excluding damage caused by acid rain or exposure to caustics and acids). The warranty does not include any other type of paint-related problem including, but not limited to: (a) rust failures; (b) abrasions, scratches or chips; (c) failures on flexible parts; (d) failures related to aftermarket repairs; (e) abrasive polishing that results in reduction of top coat mil thickness; (f) extensive ultra-violet exposure. The warranty covers 100% approved labor and materials for years one through three and 100% materials only for years four through seven. Warranty does not apply to paint blemishes or match not noted at time of final acceptance.

LIMITED FOUR YEAR ELECTRICAL WARRANTY

The multiplexed 12 volt electrical system shall be warranted for a period of four (4) years from date of delivery to the original purchaser. The warranty shall be limited to V-Mux power control nodes and all Hackney installed wiring harnesses. The warranty will correct by repair or replacement, at Hackney's option, equipment or parts which fail because of mechanical, electrical or physical defects, provided that the goods have been properly operated and maintained. The Vacuum Fluorescent Display (VFD) or the Electrical Display Screen (Vista display) which is (or may be) provided as part of the Multiplex System is warranted for a period of one year from date of installation. For years two through four, the Electrical Display Screen's warranty covers repair labor only. The warranty does not cover circuit breakers, relays, flashers, light bulbs and fixtures and other electrical or electronic devices covered by separate component manufacturers' warranties. Unauthorized modifications will void all warranties.

STANDARD ONE YEAR WARRANTY

Covers all Hackney fabricated components and purchased components that fail or do not operate properly as a result of improper installation by Hackney, for a period of one year that are not covered by any above warranties. Items included, but not limited to, shall be: locking devices; trays; shelving; mounting racks and other fabricated components.

The above limited warranties cover repair or replacement, at the sole option of Hackney for the stated periods of time beginning from the date of delivery to the original purchaser and does not cover any time span from delivery to actual in-service. The manufacturers of other equipment and components used in the manufacture of the vehicle may provide their own limited warranties or extensions. These warranties are separate from the Hackney Limited Warranty and constitute the only warranty for those specific components after the first 30 days from delivery. See Owners Manual for individual manufacturer warranties and policies. Chassis related claims must be referred to the OEM chassis manufacturers nearest service center.

WHAT IS NOT COVERED -

This limited warranty covers only repair or replacement of any part of a Hackney EV in which a defect in materials or workmanship appears within the limited warranty period, including but not limited to the following:

1. *Additions or accessories not performed or installed by Hackney and any problems that occur as a result of such additions or accessories.*
2. *Unauthorized alteration or modification to the vehicle, chassis, or components, after the completion by Hackney, and any problems that may occur as a result of such alterations or modifications.*
3. *Damage caused by collision, fire, theft, vandalism, riot, explosion, acts of God, war or objects striking the vehicle.*
4. *Damage caused by misuse of the vehicle, such as overloading, driving over curbs, and driving off-road.*
5. *Damage caused by failure to follow the requirements of maintenance schedule, failure to maintain proper fluid and lubricant levels, and failure to follow operating instructions.*
6. *Normal maintenance such as lubrication, filter replacement, belts, hoses, and recommended torque adjustments.*
7. *Batteries and tires.*
8. *Light bulbs.*
9. *Towing charges and storage charges.*
10. *Extra expenses such as loss of vehicle use, inconvenience, loss of time, vehicle rental, lodging or travel cost, etc*
11. *Expenses or cost in excess of warranty coverage and pre-authorized warranty approvals.*
12. *Travel time and expenses to and from service facility.*

CLAIM RESPONSIBILITIES

1. The purchaser shall advise Hackney or an authorized Hackney Service center immediately of any claim believed to be covered by the provisions of this warranty. Hackney will, at its sole discretion, determine if its warranty applies and, if so determined, arrange for resolution of the claim.
2. Any unauthorized repairs made by the purchaser prior to contacting Hackney or an authorized Hackney Service Center shall become the sole liability of the purchaser, unless or until the claim is determined by Hackney to be valid.
3. All repairs, whenever possible, will be completed by either Hackney or an authorized Hackney Service Center, at the discretion of Hackney. If neither of these service alternatives are practical at the time of the claim Hackney may authorize repairs to be completed locally, but only after receipt of a quotation and authorization of charges for such services by an alternate service agency.

For Warranty Claims Regarding this Apparatus:

CALL HACKNEY AT 800.763.0700 - ASK FOR EMERGENCY VEHICLE CUSTOMER SERVICE

Hackney reserves the right to accept or reject any warranty claim. All decisions made by Hackney regarding a warranty claim shall become final and binding on all parties. Any gratuitous settlements by Hackney of alleged defects not within the scope of this limited warranty do not constitute admissions of warranty coverage nor impose any obligations on Hackney to make any other such settlements. Hackney may make changes in design or standard equipment at any time without notice and incurs no obligations to apply the same to any emergency vehicle previously produced.
